DETAILED ACTION

Allowable Subject Matter

1. Claims 1-34 and 36-40 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The Applicant amended claims 1, 5, 9, 15, 26, and 37, and canceled claim 35, according to "Amendment A" received August 2, 2004; and presented arguments in favor of allowance of the newly amended claims. The Applicant demonstrated to the Examiner's satisfaction that, with respect to the 35 U.S.C. 102(b) rejection of the independent claims 1 and 37, the primary reference of Laiko et al. (5,965,884) is no longer applicable to the Applicant's invention. With respect to these claims, Laiko et al., and any other prior art, fail to disclose or make obvious the feature of the present invention, in which an apparatus or a method is used for sample analysis of samples on sample plates by atmospheric pressure matrix assisted laser desorption ionization (MALDI) mass spectrometry comprising: an ionization chamber that comprises a stationary part on the mass spectrometer and a combined moveable gripper and sample plate handling unit disconnectable and moveable away from the mass spectrometer transportation of the sample plate and having means for taking and releasing the sample plate from the sample plate carrier, means for docked interface with the ion-sampling orifice, and means for holding the sample plate during introduction of the ionized products of laser desorption of the samples into the mass spectrometer.

Therefore, the independent claims 1 and 37 are allowed. The dependent claims 2-34 and 36; and 38-40, are allowed by virtue of their dependence upon claims 1 and 37, respectively.

Specification

3. The changes in the Specification, as presented in "Amendment A", are approved by the Examiner.

Conclusion

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
